- a) Advanced scientific research
 - b) Historical events in family law
 - c) Personal development and self-awareness
 - d) Detailed medical procedures
43. In Family Life Education, what is the primary focus of relationship education?
- a) Financial planning for couples
 - b) Enhancing communication and conflict resolution skills
 - c) Career development strategies
 - d) Legal aspects of marriage and divorce
44. During which stage of the demographic transition model does the population begin to grow rapidly due to a decline in death rates while birth rates remain high?
- a) Stage 1
 - b) Stage 2
 - c) Stage 3
 - d) Stage 4

45. In which stage of the demographic transition model do birth rates start to decline, leading to a slowing down of population growth?
- a) Stage 1
 - b) Stage 2
 - c) Stage 3
 - d) Stage 4
46. Which of the following is NOT a typical characteristic of Stage 1 in the demographic transition model?
- a) High birth rates
 - b) High death rates
 - c) Rapid population growth
 - d) Pre-industrial society
47. Which stage of the demographic transition model is often associated with industrialization and improved healthcare, leading to a decline in death rates?
- a) Stage 1
 - b) Stage 2
 - c) Stage 3
 - d) Stage 4
48. In which stage of the demographic transition model do societies experience a decline in fertility rates, often due to increased access to contraception and changes in societal norms?
- a) Stage 1
 - b) Stage 2
 - c) Stage 3
 - d) Stage 4
49. What is a common demographic feature of Stage 4 countries?
- a) Rapid population growth
 - b) High infant mortality rates
 - c) Aging population with low birth rates
 - d) High fertility rates
50. Which of the following is a primary determinant of population growth?
- a) Climate change
 - b) Migration
 - c) Education level
 - d) Technological advancements
51. What factor typically leads to a decrease in birth rates?
- a) High infant mortality rates
 - b) Increased access to education for women
 - c) Lower access to healthcare
 - d) High fertility rates
52. Which demographic factor contributes to population aging?
- a) High birth rates
 - b) High death rates
 - c) Increasing life expectancy
 - d) High fertility rates
53. How does urbanization generally impact population growth?
- a) It increases birth rates
 - b) It decreases birth rates
 - c) It has no impact on birth rates

d) It increases migration rates only

54. Which policy measure is commonly used to control population growth?

- a) Providing incentives for large families
- b) Promoting family planning and contraceptive use
- c) Increasing tax benefits for parents
- d) Decreasing access to education

- a) Routine screening for sexually active women
- b) Vaginal discharge
- c) Unexplained pelvic pain
- d) All of the above

56. Which position is the patient typically placed in for a pelvic examination?

- a) Prone
- b) Supine
- c) Lithotomy
- d) Lateral

57. Which instrument is commonly used for visualizing the cervix during a pelvic exam?

- a) Otoscope
- b) Speculum
- c) Ophthalmoscope
- d) Tuning fork

58. During a physical examination, the best method to assess for tenderness in the abdomen is:

- a) inspection
- b) percussion
- c) auscultation
- d) palpation

59. When performing auscultation during a physical examination of the abdomen, which sound is most commonly assessed?

- a) Bowel sounds
- b) Heart sounds
- c) Respiratory sounds
- d) Vascular bruits

60. Which of the following is a contraindication for a pelvic exam?

- a) Active pelvic infection
- b) Post-menopausal bleeding
- c) Patient refusal
- d) Both a and c

SECTION B ANSWER ONLY TWO QUESTIONS FROM THIS SECTION

(EACH QUESTION CARRY 20 MARKS)

SUBMIT YOUR QUESTION SHEETS WITH YOUR ANSWER BOOKLET

QUESTION 1

Q1. Population growth has gone through transitions to help curb its effects globally. Define population growth and discuss the 5 various transitional stages you know with examples of countries under each. **(20 MARKS)**

QUESTION 2

Q2a. You have been assigned to counsel a client accessing your facility for a permanent family planning method. As a Public Health Nurse, mention 10 key principles to be applied during your counselling session. **(10 MARKS)**

Q2b. During the counselling session, you realized that your client expressed some rumors and misconception about family planning. Discuss 5 ways you can handle this for her to make an informed decision. **(10 MARKS)**

QUESTION 3

Q3a. During one of your health talks at your clinic, one mother asked about family life education. Discuss 5 components of family life education to her. **(10 MARKS)**

Q3b. Explain 5 importance of family life education to your client. **(10 MARKS)**
