 - C. Limited nursing roles within religious orders
 - D. Increased reliance on uncommon women for healthcare
10. Where did Florence Nightingale establish the first nursing school?
- A. France
 - B. Italy
 - C. Germany
 - D. England**
11. What significant role did Florence Nightingale play during the Crimean War?
- A. Military commander
 - B. Superintendent of hospitals**
 - C. Advocate for women's rights
 - D. Pioneering nursing work
12. How did Florence Nightingale contribute to the development of modern nursing?
- A. Advocated for healthcare reforms**
 - B. Invented medical equipment
 - C. Introduced herbal remedies
 - D. Promoted superstitions
13. What is Florence Nightingale known as in the history of nursing?
- A. First nurse researcher**
 - B. First surgeon
 - C. First nurse practitioner
 - D. First pharmacist
14. What role did the Crusaders play in the development of nursing during the Middle Ages?
- A. Restricted nursing roles
 - B. Established healthcare systems
 - C. Created military orders, religious orders, and secular orders**
 - D. Abolished nursing practices
15. In which country was Florence Nightingale born?
- A. France
 - B. Italy**
 - C. Germany
 - D. England
16. What did Florence Nightingale use to document the decrease in soldiers' death rate during the Crimean War?
- A. Advanced medical equipment
 - B. Public health principles**
 - C. Herbal remedies
 - D. Superstitions

17. What global observance honours and recognizes the contributions of nurses, inspired by Florence Nightingale's birthday?
- A. World Health Day
 - B. International Nurses Day**
 - C. Global Healthcare Appreciation Day
 - D. Florence Nightingale Day
18. What medical knowledge did people rely on during the Middle Ages for women's health issues?
- A. Roman and Greek understanding**
 - B. Persian philosophy
 - C. Chinese medicine
 - D. African traditional medicine
19. What contributed to the evolution of nursing from a craft into a profession during the emancipation of women?
- A. Increased reliance on uncommon women
 - B. Creation of religious orders
 - C. Shift from personal freedom
 - D. Establishment of nursing schools**
20. In which century did formal nursing education begin to take shape in Ghana?
- A. 18th century
 - B. 19th century**
 - C. 20th century
 - D. 21st century
21. When did Ghana gain independence?
- A. 1947
 - B. 1957**
 - C. 1967
 - D. 1977
22. When was the Nursing and Midwifery Council of Ghana established?
- A. 1940
 - B. 1957
 - C. 1965**
 - D. 1972
23. Which nurse is often referred to as the founder of modern nursing?
- A. Clara Barton
 - B. Virginia Henderson
 - C. Florence Nightingale**
 - D. Mary Eliza Mahoney
24. Who is recognized as the first African American registered nurse?
- A. Clara Barton
 - B. Mary Eliza Mahoney**
 - C. Florence Nightingale

- D. Dorothea Dix
25. What is the focus of Virginia Henderson's definition of nursing?
- A. Disease prevention
 - B. Patient independence**
 - C. Medication administration
 - D. Palliative care
26. Who was a pioneering advocate for the humane treatment of individuals with mental illnesses?
- A. Clara Barton
 - B. Virginia Henderson
 - C. Dorothea Dix**
 - D. Mary Eliza Mahoney
27. When was the American Red Cross established by Clara Barton?
- A. 1776
 - B. 1881**
 - C. 1900
 - D. 1925
28. What led to the establishment of mental health institutions and reforms in the care of the mentally ill by Dorothea Dix?
- A. American Civil War**
 - B. World War I
 - C. The Great Depression
 - D. Industrial Revolution
29. Which nursing organization did Mary Eliza Mahoney co-found to address discrimination?
- A. International Council of Nurses (ICN)
 - B. National Association of Coloured Graduate Nurses (NACGN)**
 - C. World Health Organization (WHO)
 - D. American Nurses Association (ANA)
30. What was the main problem affecting the recruitment of suitable candidates for nursing training in early Ghana?
- A. Lack of educational background**
 - B. Inadequate healthcare facilities
 - C. Disinterest among the youth
 - D. Gender disparities
31. Who became the first Chief Nursing Officer (CNO) in Ghana after the departure of the last British Matron?
- A. Florence Nightingale
 - B. Mary Eliza Mahoney
 - C. Docia A. N. Kisseih**
 - D. Clara Barton

32. In which year was the first State Registered Nursing (SRN) Training in Kumasi started?
- A. 1920
 - B. 1945**
 - C. 1958
 - D. 1963
33. Who evaluated the nursing training in Ghana in 1961 and highlighted the need for tutors and clinical instructors?
- A. Florence Nightingale
 - B. Clara Barton
 - C. Majorie Houghton**
 - D. Virginia Henderson
34. When did the University of Ghana introduce a master's degree in nursing, phasing out the diploma program?
- A. 1995
 - B. 2001**
 - C. 2010
 - D. 2015
35. Which university began offering a degree program for nurses in 2003, concurrently with the diploma program?
- A. Kwame Nkrumah University of Science and Technology (KNUST)**
 - B. Legon University
 - C. University of Cape Coast
 - D. University of Development Studies (UDS)
36. Who was instrumental in establishing the Department of Nursing at Legon for higher nursing education in 1963?
- A. Florence Nightingale
 - B. Virginia Henderson
 - C. Docia Kisseih**
 - D. Clara Barton
37. Who was the first principal of the nursing college established in 1956?
- A. Florence Nightingale
 - B. Clara Barton
 - C. Isabel Hutton**
 - D. Docia Kisseih
38. Which organization set the syllabus for nursing education in Ghana to ensure recognition in Britain?
- A. International Council of Nurses (ICN)
 - B. World Health Organization (WHO)
 - C. General Nursing Council (GNC) of England and Wales**
 - D. American Nurses Association (ANA)
39. Who was invited by the government of Ghana in 1961 to evaluate nursing training in the country?

- A. Florence Nightingale
 - B. Clara Barton
 - ☒ C. **Majorie Houghton**
 - D. Virginia Henderson
40. What did Florence Nightingale emphasize during the Crimean War that revolutionized healthcare practices?
- A. Use of herbal remedies
 - ☒ B. **Importance of sanitation, hygiene, and patient care**
 - C. Role of technology in nursing
 - D. Focus on surgical procedures
41. Which nursing figure focused on statistical analysis to advocate for improvements in healthcare outcomes?
- A. Mary Eliza Mahoney
 - B. Clara Barton
 - ☒ C. **Florence Nightingale**
 - D. Virginia Henderson
42. What did Dorothea Dix advocate for in the care of the mentally ill?
- A. Improved surgical procedures
 - ☒ B. **Humane treatment and establishment of mental health institutions**
 - C. Increased medication administration
 - D. Expansion of the apprentice system
43. Which nursing figure played a pivotal role in establishing the Nightingale Training School for Nurses in London?
- A. Clara Barton
 - B. Virginia Henderson
 - ☒ C. **Florence Nightingale**
 - D. Mary Eliza Mahoney
44. Who emphasized the need for nursing to focus on assisting individuals to gain independence in healthcare activities?
- A. Clara Barton
 - B. Florence Nightingale
 - ☒ C. **Virginia Henderson**
 - D. Mary Eliza Mahoney
45. Who was the first Ghanaian nurse to be appointed Chief Nursing Officer (CNO)?
- A. Clara Barton
 - ☒ B. **Docia A. N. Kisseih**
 - C. Florence Nightingale
 - D. Mary Eliza Mahoney
46. What is the focus of Dorothea Dix's advocacy in nursing?
- A. Pediatric care
 - ☒ B. **Mental health reform**
 - C. Orthopedic nursing
 - D. Surgical nursing

47. Who evaluated nursing training in Ghana in 1961?
- Florence Nightingale
 - Clara Barton
 - Majorie Houghton**
 - Virginia Henderson
48. What is the mission of the International Council of Nurses (ICN)?
- Representing and supporting nurses globally**
 - Advocating for maternal and child health
 - Promoting excellence in midwifery practice
 - Setting standards for nursing education
49. Where is the headquarters of the Commonwealth Nurses' Federation (CNF) located?
- Accra, Ghana
 - Geneva, Switzerland
 - London, United Kingdom**
 - Lagos, Nigeria
50. What is one of the key functions of the Ghana Registered Nurses and Midwives Association (GRNMA)?
- Accreditation of nursing education programs
 - Advocacy for the rights of nurses and midwives**
 - Setting global nursing standards
 - Conducting international nursing research
51. What is the primary role of the Ghana Registered Midwives Association (GRMA)?
- Representing allied health professionals
 - Advocating for nursing education reforms
 - Promoting maternal and child health**
 - Accrediting nursing education programs
52. In which country is the headquarters of the International Council of Nurses (ICN) located?
- Ghana
 - Switzerland**
 - United Kingdom
 - Nigeria
53. What is a common challenge faced by the Commonwealth Nurses' Federation (CNF)?
- Resource constraints**
 - Overabundance of nursing professionals
 - Lack of collaboration with international partners
 - Focus on individual countries rather than the Commonwealth
54. What is a key responsibility of the West African College of Nursing (WACN)?
- Advocacy for nursing rights globally
 - Accreditation of nursing education programs in Europe
 - Promotion of nursing research worldwide
 - Setting standards for nursing in the West African sub-region**
55. Where is the headquarters of the West African College of Nursing (WACN) located?

- A. Accra, Ghana
 - B. Geneva, Switzerland
 - C. London, United Kingdom
 - ☒ D. Lagos, Nigeria
56. Which organization promotes collaboration among midwives, healthcare professionals, and organizations in Ghana?
- A. International Council of Nurses (ICN)
 - B. Commonwealth Nurses' Federation (CNF)
 - ☒ C. Ghana Registered Nurses and Midwives Association (GRNMA)
 - D. West African College of Nursing (WACN)
57. What is a significant contribution of the Ghana Registered Nurses and Midwives Association (GRNMA) to healthcare in Ghana?
- A. Accreditation of nursing education programs
 - ☒ B. Addressing workforce shortages and migration issues
 - C. Setting global nursing standards
 - D. Focusing solely on gender equality in healthcare
58. What is the primary role of the International Council of Nurses (ICN) in global health?
- A. Accrediting nursing education programs
 - ☒ B. Advocacy for health policies and initiatives
 - C. Providing specialized post-basic training
 - D. Focusing on maternal and child health
59. Which organization addresses challenges such as resource constraints and workforce shortages within the Commonwealth?
- A. Ghana Registered Nurses and Midwives Association (GRNMA)
 - B. International Council of Nurses (ICN)
 - ☒ C. Commonwealth Nurses' Federation (CNF)
 - D. West African College of Nursing (WACN)
60. What does the Ghana Registered Midwives Association (GRMA) actively engage in to influence policies related to maternal and child health?
- A. Accreditation of nursing education programs
 - ☒ B. Advocacy and policy influence
 - C. Specialized post-basic training
 - D. Setting global nursing standards
61. In which year was the Ghana Registered Nurses and Midwives Association (GRNMA) founded?
- ☒ A. 1960
 - B. 1899
 - C. 1990
 - D. 2000
62. What is the primary role of the Commonwealth Nurses' Federation (CNF) in promoting health within the Commonwealth?
- A. Advocacy for nursing rights globally
 - B. Setting global nursing standards

- C. Fostering collaboration, sharing knowledge, and advocating for nursing interests**
 D. Specialized post-basic education and training
63. Which organization actively engages with government agencies, policymakers, and stakeholders to address issues related to professional practice and working conditions in Ghana?
 A. Ghana Registered Midwives Association (GRMA)
 B. International Council of Nurses (ICN)
C. Ghana Registered Nurses and Midwives Association (GRNMA)
 D. West African College of Nursing (WACN)
64. What is a significant achievement of the Ghana Registered Nurses and Midwives Association (GRNMA) in healthcare delivery in Ghana?
 A. Accreditation of nursing education programs
 B. Advocacy for maternal and child health
C. Policy development, curriculum reforms, and addressing workforce shortages
 D. Setting global nursing standards
65. What is a common challenge faced by the International Council of Nurses (ICN)?
A. Addressing global health disparities and nursing workforce shortage
 B. Focusing solely on maternal and child health
 C. Lack of collaboration with international partners
 D. Overabundance of nursing professionals
66. What is a focus area of the International Council of Nurses (ICN) in terms of global health?
 A. Specialized post-basic training for nurses
 B. Advocacy for maternal and child health
C. Non-communicable diseases
 D. Accreditation of nursing education programs
67. What is a key responsibility of the West African College of Nursing (WACN) in terms of nursing education?
 A. Advocacy for nursing rights globally
 B. Setting global nursing standards
C. Accreditation of nursing education programs in West Africa
 D. Providing specialized post-basic training
68. What is the primary focus of the Ghana College of Nurses and Midwives (GCNM) in terms of education and training?
 A. Advocacy for nursing rights globally
B. Specialized post-basic training
 C. Setting global nursing standards
 D. Accreditation of nursing education programs
69. What is a common challenge faced by the Ghana College of Nurses and Midwives (GCNM)?
 A. Addressing global health disparities

- B. Overabundance of nursing professionals
 - ☒ C. Shortage of specialized nursing and midwifery professionals
 - D. Lack of advocacy for nursing rights
70. What is a specific initiative of the Commonwealth Nurses' Federation (CNF) in supporting nursing education across the Commonwealth?
- A. Setting global nursing standards
 - B. Advocacy for nursing rights globally
 - ☒ C. Accreditation of nursing education programs
 - D. Providing specialized post-basic training
71. In which year was the Commonwealth Nurses' Federation (CNF) founded?
- A. 1960
 - ☒ B. 1899
 - C. 1990
 - D. 2000
72. Which regulatory body in Ghana is specifically responsible for setting standards and conducting licensing examinations for medical and dental practitioners?
- A. Nursing and Midwifery Council
 - B. Traditional and Alternative Medicine Council
 - ☒ C. Medical and Dental Council
 - D. Pharmacy Council
73. What is the main focus of the ethical principle of beneficence in nursing?
- A. Respecting patient autonomy
 - B. Avoiding harm to patients
 - ☒ C. Promoting patients' well-being
 - D. Safeguarding patient confidentiality
74. Which ethical issue involves safeguarding the privacy of patients' personal and health information?
- A. Beneficence
 - ☒ B. Confidentiality
 - C. Informed Consent
 - D. Justice
75. In a situation where a nurse must prioritize care based on the severity of patients' conditions, which ethical principle is being addressed?
- A. Autonomy
 - B. Beneficence
 - ☒ C. Justice
 - D. Non-maleficence
76. What is the ethical principle that involves avoiding harm to patients and ensuring nursing interventions do not cause unnecessary suffering?
- A. Beneficence
 - B. Justice
 - ☒ C. Non-maleficence
 - D. Autonomy

77. A nurse advocating for a patient's pain management to promote their well-being exemplifies which ethical principle?
- A. Autonomy
 - (B) Beneficence**
 - C. Justice
 - D. Confidentiality
78. What is the term for a situation where a person is faced with conflicting ethical principles, values, or responsibilities?
- A. Ethical code
 - (B) Moral dilemma**
 - C. Professional boundary
 - D. Informed consent
79. In a healthcare setting with limited resources, what ethical consideration is important for nurses during resource allocation?
- A. Autonomy
 - B. Beneficence
 - (C) Justice**
 - D. Confidentiality
80. What is the main focus of the ethical principle of patient autonomy?
- A. Promoting well-being
 - (B) Respecting patients' rights to make informed decisions**
 - C. Avoiding harm
 - D. Safeguarding confidentiality
81. Which ethical dilemma involves a conflict between the nurse's personal values and the professional code of conduct?
- A. Patient Autonomy vs. Beneficence
 - B. Confidentiality vs. Duty to Warn
 - C. Informed Consent vs. Professional Boundaries
 - (D) Conflicts between personal values & the professional code**
82. What is the main objective of the Thompson and Thompson ethical decision-making model's "Negotiate a Plan" step?
- A. Identify the problem
 - B. Gather information
 - (C) Collaborate on a consensus-based plan**
 - D. Clarify values and principles
83. What ethical principle is concerned with ensuring fairness and equity in the allocation of healthcare resources and treatment decisions?
- A. Beneficence
 - (B) Justice**
 - C. Autonomy
 - D. Non-maleficence

84. In a situation where a nurse faces challenges maintaining professional boundaries while providing care and support, which ethical dilemma is present?
- A. Confidentiality vs. Duty to Warn
 - B. Cultural Sensitivity vs. Diversity
 - C. Informed Consent vs. Professional Boundaries**
 - D. Patient Autonomy vs. Beneficence
85. What ethical principle involves acting in the best interests of patients and promoting their well-being while avoiding harm?
- A. Autonomy
 - B. Beneficence**
 - C. Justice
 - D. Confidentiality
86. A nurse participating in a clinical trial ensures that participants are fully informed before enrolling them. Which ethical consideration is being addressed?
- A. Beneficence
 - B. Autonomy
 - C. Informed Consent**
 - D. Justice
87. What is the term for a complex situation in which there is a mental conflict between choosing two different courses of action?
- A. Ethical code
 - B. Moral dilemma**
 - C. Professional boundary
 - D. Informed consent
88. What is the main focus of the ethical principle of non-maleficence?
- A. Avoiding harm**
 - B. Respecting autonomy
 - C. Promoting well-being
 - D. Safeguarding confidentiality
89. Which ethical dilemma involves balancing a patient's right to autonomy with the principle of beneficence?
- A. Patient Autonomy vs. Beneficence**
 - B. Resource Allocation
 - C. Cultural Sensitivity vs. Diversity
 - D. Professional Boundaries
90. What is the term for a situation where a nurse must decide on the most appropriate option when ethical principles conflict?
- A. Ethical code
 - B. Moral dilemma**
 - C. Informed consent
 - D. Professional boundary

91. What ethical principle involves respecting the cultural, religious, and spiritual beliefs of patients and providing culturally competent care?
- A. Justice
 - B. Beneficence
 - C. Autonomy
 - D. Cultural Sensitivity**
92. In a scenario where a nurse reports concerns about unsafe staffing levels and inadequate patient care practices, what ethical dilemma is being addressed?
- A. Whistleblowing**
 - B. Resource Allocation
 - C. Informed Consent
 - D. Professional Boundaries
93. What ethical consideration is crucial during organ transplantation, especially regarding the allocation of organs?
- A. Autonomy
 - B. Beneficence
 - C. Justice**
 - D. Confidentiality
94. What is the main focus of the ethical principle of cultural sensitivity and diversity in nursing?
- A. Respecting patient autonomy
 - B. Acting in the best interests of patients
 - C. Safeguarding patient confidentiality
 - D. Respecting cultural, religious, and spiritual beliefs**
95. What ethical dilemma involves a conflict between a nurse's personal values and the professional code of conduct within the healthcare setting?
- A. Patient Autonomy vs. Beneficence
 - B. Informed Consent vs. Professional Boundaries
 - C. Conflicts between personal values & the professional code**
 - D. Confidentiality vs. Duty to Warn
96. In the context of end-of-life care, what ethical consideration involves decisions about life-sustaining treatments, advance directives, and palliative care?
- A. Patient Autonomy
 - B. Cultural Sensitivity
 - C. Resource Allocation
 - D. End-of-Life Care**
97. When a nurse must choose between maintaining professional boundaries and providing care and support, which ethical dilemma is present?
- A. Patient Autonomy vs. Beneficence
 - B. Informed Consent vs. Professional Boundaries**
 - C. Whistleblowing
 - D. Ethical Dilemma vs. Moral Dilemma

- B. Beneficence
 - C. Confidentiality
 - D. Justice
106. What is the legal term for performing a medical procedure without obtaining informed consent?
- A. Assault
 - B. Battery**
 - C. Negligence
 - D. Malpractice
107. What is a common ethical concern of nurses related to informed consent?
- A. Over-communication with patients
 - B. Failing to obtain informed consent**
 - C. Excessive documentation
 - D. Lack of patient questions
108. What is the fundamental ethical principle that confidentiality in healthcare is based on?
- A. Justice
 - B. Beneficence
 - C. Respect for Autonomy**
 - D. Confidentiality itself
109. What is the primary purpose of maintaining confidentiality in healthcare?
- A. To discriminate against patients
 - B. To protect patients from potential harm**
 - C. To increase access to patient information
 - D. To expedite healthcare processes
110. What is an essential principle of confidentiality in practice, ensuring only authorized individual's access patient information?
- A. Transparency
 - B. Privacy Protection
 - C. Data Encryption**
 - D. Information Disclosure
111. What ethical consideration is associated with the concept of confidentiality in healthcare?
- A. Discrimination
 - B. Trust and Confidence**
 - C. Violation of Policies
 - D. Excessive Documentation
112. What is the significance of a patient charter in promoting patient rights?
- A. Restricting patient autonomy
 - B. Ignoring patient preferences
 - C. Empowering patients to advocate for their well-being**
 - D. Limiting patient access to information

113. What does the consent process aim to uphold in terms of patient decision-making?
- A. Healthcare provider preferences
 - B. Patient autonomy**
 - C. Family decisions
 - D. Financial considerations
114. In the context of confidentiality, what does "access control" refer to in healthcare practices?
- A. Restricting patient access to their records
 - B. Implementing security measures to control data access**
 - C. Providing unlimited access to patient information
 - D. Sharing patient information without consent
115. What is an essential responsibility of patients in the context of consent to treatment?
- A. Withholding accurate information
 - B. Requesting less information about their health
 - C. Following the recommended treatment plan**
 - D. Avoiding communication with healthcare providers
116. What is the ethical principle that confidentiality practices should be consistent with, ensuring fairness and equity?
- A. Respect for Autonomy
 - B. Beneficence
 - C. Justice and Fairness**
 - D. Transparency
117. How can healthcare providers facilitate an ongoing consent process, especially in changing circumstances?
- A. Ignore changes in the patient's condition
 - B. Periodically review and reconfirm consent**
 - C. Make decisions on behalf of the patient
 - D. Assume patient preferences remain constant
118. What is the primary goal of maintaining confidentiality in healthcare data through encryption and security measures?
- A. To make data inaccessible to everyone
 - B. To facilitate unauthorized access
 - C. To protect against data breaches and cyber threats**
 - D. To share patient information widely
119. What role does trust play in the relationship between patients and healthcare providers regarding confidentiality?
- A. It encourages unauthorized access
 - B. It hinders open communication
 - C. It fosters trust and confidence**
 - D. It limits patient information access

120. In the context of informed consent, what is the importance of transparency in communication?
- A. To confuse patients
 - B. To limit patient access to information
 - C. To foster trust and understanding**
 - D. To expedite healthcare processes
121. What does "capacity to consent" in the informed consent process refer to?
- A. Patient's ability to pay for treatment
 - B. Patient's ability to understand and decide**
 - C. Patient's family preferences
 - D. Patient's willingness to undergo treatment
122. What is the primary purpose of a patient charter in healthcare organizations?
- A. To limit patient access to information
 - B. To promote transparency, accountability, and patient-centred care**
 - C. To prioritize the needs of healthcare providers
 - D. To restrict patient rights
123. Which of the following is NOT a common element included in a patient charter?
- A. Respect and Dignity
 - B. Quality Care
 - C. Limited patient access to medical records**
 - D. Informed Consent
124. What is the responsibility of healthcare providers in relation to a patient's right to confidentiality?
- A. Disclose patient information without consent
 - B. Protect patient information and privacy**
 - C. Share patient information with third parties
 - D. Ignore patient preferences
125. According to the patient charter, what rights are protected to ensure non-discrimination?
- A. Right to withhold information
 - B. Right to refuse treatment
 - C. Right to protection from discrimination based on various factors**
 - D. Right to unlimited access to medical records
126. What is the role of healthcare organizations in ensuring patients' rights are protected, as per the patient charter?
- A. Limiting patient choices
 - B. Adopting the patient charter for transparency**
 - C. Restricting access to medical information
 - D. Ignoring patients' preferences
127. What does the patient's right to participate in decisions about their care include?

- A. Limiting involvement of family in healthcare decisions
 - B. Refusing treatment options
 - C. Withholding information about treatment plans
 - ☒ D. **Actively participating in decisions about their care**
128. How can healthcare organizations effectively communicate the patient charter to patients, families, and staff?
- A. By limiting information sharing
 - B. By ignoring the charter's principles
 - ☒ C. **By regularly reviewing and updating the charter**
 - D. By restricting patient access to medical records
129. What is the primary goal of the patient's right to access information, as outlined in the charter?
- A. To limit patient involvement in decision-making
 - B. To prevent patient access to medical records
 - ☒ C. **To empower patients with information about their health**
 - D. To restrict communication with healthcare providers
130. How does the patient charter contribute to building trust and rapport between patients and healthcare teams?
- A. By restricting patient autonomy
 - B. By limiting patient access to information
 - ☒ C. **By encouraging open and honest communication**
 - D. By ignoring patient preferences
131. What is the primary ethical consideration in the consent to treatment process?
- A. Limiting patient autonomy
 - B. Respecting patient privacy
 - C. Protecting patient confidentiality
 - ☒ D. **Upholding patient autonomy and shared decision-making**
132. What is the primary purpose of witnessing and signing legal documents, such as wills?
- A. To complicate legal processes
 - ☒ B. **To authenticate the document and confirm the signatory's identity**
 - C. To delay legal proceedings
 - D. To limit access to legal information
133. What is a living will?
- A. A document specifying financial preferences after death
 - B. A legal declaration indicating the desire for organ donation
 - ☒ C. **A document outlining medical treatment preferences in case of incapacitation**
 - D. A document specifying burial instructions
134. What are the two most common types of advance directives mentioned in the text?
- A. Financial directive and organ donation directive
 - ☒ B. **Living will and durable power of attorney for health care**

- C. Legal will and living will
D. Organ donation directive and do not resuscitate order
135. Why is the patient's medical record considered a legal document?
A. To limit access to information
B. To be used as evidence in court
C. To complicate legal proceedings
D. To delay legal proceedings
136. What is the purpose of an incident report in healthcare?
A. To create unnecessary paperwork
B. To contribute to statistical data about accidents
C. To limit accountability
D. To ignore patient safety concerns
137. What is the purpose of a Do Not Resuscitate (DNR) order?
A. To initiate aggressive resuscitation measures
B. To make decisions for the patient without their consent
C. To limit communication with healthcare providers
D. To indicate the patient's preference to avoid resuscitation
138. What is the role of a living will in healthcare decisions?
A. It appoints a relative or trusted friend to make medical decisions.
B. It specifies medical treatments to omit or refuse in certain conditions.
C. It outlines financial preferences after death.
D. It determines burial instructions.
139. What is the purpose of the Good Samaritan Act in healthcare?
A. To hold healthcare providers liable for emergency care
B. To discourage healthcare providers from assisting in emergencies
C. To encourage healthcare providers to provide aid in emergency situations
D. To complicate legal proceedings
140. What is a medical or health care power of attorney also known as?
A. Living will
B. Organ donation directive
C. Durable power of attorney for health care
D. Good Samaritan Act
141. What criteria should a durable power of attorney meet?
A. Be part of the medical care team
B. Have conflicts of interest
C. Discuss medical care and end-of-life issues with the patient
D. Limit advocacy for the patient
142. What is the Nurses Pledge?
A. A legal document for healthcare decisions
B. A commitment to provide nursing care responsibly
C. A financial directive for healthcare providers
D. A living will

143. Why is it important for healthcare providers to maintain confidentiality and privacy during the witnessing and signing process?
- A. To limit access to legal information
 - B. To complicate legal proceedings
 - ☒ C. To protect the signatory's personal and sensitive information
 - D. To delay legal proceedings
144. What is the primary goal of the witnessing and signing process for legal documents?
- A. To limit access to information
 - ☒ B. To authenticate the document and confirm the signatory's identity
 - C. To complicate legal proceedings
 - D. To delay legal proceedings
145. What is the significance of the patient's medical record in legal proceedings?
- A. To limit access to information
 - B. To complicate legal proceedings
 - ☒ C. To be used as evidence in court
 - D. To delay legal proceedings
146. In healthcare, what is the purpose of an incident report?
- A. To create unnecessary paperwork
 - ☒ B. To contribute to statistical data about accidents
 - C. To limit accountability
 - D. To delay legal proceedings
147. What does a living will specify?
- A. Financial preferences after death
 - B. Organ donation instructions
 - ☒ C. Medical treatment preferences in case of incapacitation
 - D. Burial instructions
148. Why might a Do Not Resuscitate (DNR) order be implemented?
- A. To initiate aggressive resuscitation measures
 - B. To make decisions for the patient without their consent
 - C. To limit communication with healthcare providers
 - ☒ D. To respect the patient's wish to avoid resuscitation
149. What is the primary goal of the Good Samaritan Act in healthcare?
- A. To hold healthcare providers liable for emergency care
 - B. To discourage healthcare providers from assisting in emergencies
 - ☒ C. To encourage healthcare providers to provide aid in emergency situations
 - D. To complicate legal proceedings
150. Why might a living will be important in healthcare decision-making?
- A. To appoint a relative or trusted friend for financial decisions
 - B. To determine burial instructions
 - ☒ C. To specify medical treatments to omit or refuse in certain conditions
 - D. To complicate legal proceedings

151. What is the purpose of the Nurses Pledge?
- A. A legal document for healthcare decisions
 - B. A commitment to provide nursing care responsibly**
 - C. A financial directive for healthcare providers
 - D. A living will
152. What is the primary purpose of the Do Not Resuscitate (DNR) order?
- A. To initiate aggressive resuscitation measures
 - B. To make decisions for the patient without their consent
 - C. To limit communication with healthcare providers
 - D. To respect the patient's wish to avoid resuscitation**
153. What is the role of a healthcare power of attorney in advance directives?
- A. To specify burial instructions
 - B. To appoint a relative or trusted friend for financial decisions
 - C. To name a person to make decisions when the patient is unable to do so**
 - D. To complicate legal proceedings
154. Why is it important for a durable power of attorney to be someone other than the patient's doctor or part of the medical care team?
- A. To limit access to legal information
 - B. To complicate legal proceedings
 - C. To ensure unbiased decision-making**
 - D. To delay legal proceedings
155. What should a durable power of attorney be willing and able to do?
- A. Limit discussions about medical care
 - B. Trust decisions made by healthcare providers
 - C. Discuss medical care and end-of-life issues with the patient**
 - D. Avoid advocating for the patient
156. Why is it mentioned that nurses should not act as witnesses to wills in most hospitals?
- A. To complicate legal proceedings
 - B. To limit accountability
 - C. To avoid conflicts of interest**
 - D. To delay legal proceedings
157. In what situations might Good Samaritan laws provide immunity to healthcare providers?
- A. When providing care with gross negligence
 - B. When refusing to offer assistance
 - C. When acting in good faith to aid persons in emergency situations**
 - D. When engaging in unethical practices
158. Why is it recommended to establish Do Not Resuscitate (DNR) or Do Not Intubate (DNI) orders each time a patient is admitted to a new healthcare facility?
- A. To create unnecessary paperwork
 - B. To limit access to information

- ☒ C. To ensure consistent care based on the patient's preferences
D. To delay legal proceedings

159. What is the primary role of witnesses in the signing process of legal documents?
A. To limit access to legal information
☒ B. To authenticate the document and confirm the signatory's identity
C. To complicate legal proceedings
D. To delay legal proceedings
160. What should healthcare providers do to ensure the validity, integrity, and fairness of the witnessing and signing process?
A. Ignore legal requirements
B. Act with conflicts of interest
☒ C. Follow legal standards and procedures, act with integrity, and respect confidentiality
D. Complicate the process to discourage signing
161. What is the primary purpose of law in society?
A. To control individuals
☒ B. To regulate the behaviour of society
C. To punish wrongdoers
D. To establish dominance
162. How is nursing law defined?
A. Regulations for medical professionals
☒ B. Body of statutes for nursing conduct
C. Executive orders for healthcare providers
D. Legal precedents for healthcare ethics
163. What is the function of law in nursing/midwifery?
A. To limit nursing actions
☒ B. To establish boundaries for independent nursing actions
C. To discourage nursing practice
D. To protect nurses from accountability
164. Which type of law deals with relationships among private individuals and everyday matters?
A. Constitutional Law
B. Criminal Law
C. Administrative Law
☒ D. Private Law (Civil Law)
165. What does Constitutional Law define and limit?
☒ A. Powers of the government
B. Powers of individuals
C. Powers of healthcare providers
D. Powers of corporations

166. Which of the following is an example of a criminal offense under Criminal Law?
- A. Breach of contract
 - B. Medical malpractice
 - C. Homicide**
 - D. Contract dispute
167. What type of law includes the Nurse Practice Act and Food, Drug, and Cosmetic Act?
- A. Constitutional Law
 - B. Criminal Law
 - C. Administrative Law**
 - D. Private Law (Civil Law)
168. What is the main purpose of tort law?
- A. To punish wrongdoers
 - B. To protect people from bad acts of others**
 - C. To establish dominance
 - D. To regulate healthcare costs
169. What is the primary remedy in tort law for damages caused?
- A. Fine
 - B. Imprisonment
 - C. Compensation (damages)**
 - D. Rehabilitation
170. What is negligence in nursing?
- A. Intentional wrongful act
 - B. Failure to provide reasonable care**
 - C. Unlawful physical contact
 - D. Violation of constitutional rights
171. What is the difference between negligence and gross negligence?
- A. Negligence is intentional; gross negligence is unintentional
 - B. Negligence is a crime; gross negligence is a tort
 - C. Negligence is intentional harm; gross negligence is criminal
 - D. Negligence is a failure to provide reasonable care; gross negligence is reckless or careless behaviour**
172. What is malpractice in nursing?
- A. Intentional wrongful act
 - B. Violation of constitutional rights
 - C. Unreasonable lack of skills resulting in harm**
 - D. Failure to report a crime
173. What are the six elements required to prove malpractice?
- A. Duty, breach duty, causation, damages, harm, and intent
 - B. Duty, breach duty, foreseeability, harm, damages, and intent
 - C. Duty, breach duty, causation, harm, damages, and foreseeability**
 - D. Duty, breach duty, causation, harm, damages, and forcibility

174. What is assault in intentional tort law?
A. Unlawful restraint
B. Unlawful physical contact
C. Unlawful offer to touch in an offensive manner
D. Unlawful detention
175. What is battery in intentional tort law?
A. Unlawful restraint
B. Unlawful physical contact
C. Unlawful offer to touch in an offensive manner
D. Unlawful detention
176. What is false imprisonment in intentional tort law?
A. Unlawful restraint
B. Unlawful physical contact
C. Unlawful offer to touch in an offensive manner
D. Unlawful detention
177. What is defamation in intentional tort law?
A. Injuring reputation through false statements
B. Unlawful restraint
C. Unlawful physical contact
D. Unlawful offer to touch in an offensive manner
178. What is the term for defamation by spoken words?
A. Slander
B. Libel
C. Invasion of privacy
D. Assault
179. What does invasion of privacy involve?
A. Unlawful restraint
B. Unlawful physical contact
C. Unauthorized actions without consent
D. Injuring reputation through false statements
180. What should a nurse be careful about when reporting torts?
A. Describing observed behaviour only
B. Reporting only positive actions
C. Reporting all suspicions
D. Ignoring the incidents
181. What is a crime in violation of public (criminal) law?
A. Tort
B. Misdemeanour
C. Felony
D. Contract dispute

182. What is murder in terms of criminal offenses?
☒ A. Deliberate or accidental loss of life
B. Unlawful restraint
C. Unlawful physical contact
D. Unauthorized actions without consent
183. What is the act of forcibly having sex with someone against their will?
A. Assault
B. Battery
☒ C. Rape
D. False imprisonment
184. What is the act of forcibly taking people's property unlawfully?
A. Assault
B. Battery
☒ C. Robbery
D. False imprisonment
185. What is the act of forcibly breaking into someone's room to steal?
A. Assault
B. Battery
C. Robbery
☒ D. Burglary
186. What is embezzlement in criminal law?
A. Deliberate or accidental loss of life
☒ B. Diversion of money into personal possession
C. Unlawful restraint
D. Unauthorized actions without consent
187. What is infanticide?
A. Killing a baby in self-defense
B. Killing a baby unintentionally
☒ C. Killing a baby deliberately
D. Allowing a baby to die naturally
188. What is mayhem in criminal law?
☒ A. Act resulting in partial or full dysfunction of a body part
B. Act of stealing patients' belongings
C. Act of forcibly breaking into someone's room
D. Act of forcibly taking people's property
189. What is larceny in criminal law?
A. Act resulting in partial or full dysfunction of a body part
☒ B. Collection of a patient's belongings for personal use
C. Killing a baby deliberately
D. Diversion of money into personal possession

190. What is the primary purpose of Nurses' regulations?
- To control nurses
 - To govern the practice of nursing**
 - To punish nurses
 - To establish dominance
191. Which legal body is responsible for administering nursing laws in Ghana?
- National Regulatory Commission
 - Nursing and Midwifery Council**
 - Health Professions Regulatory Bodies
 - Nurses and Midwives Council for Ghana
192. What is the function of the Nursing and Midwifery Council (NMC) of Ghana?
- To punish nurses
 - To regulate the practice of nursing and midwifery**
 - To establish dominance in healthcare
 - To promote cost-effective healthcare
193. What does Legal Liability in nursing refer to?
- Unlawful actions by nurses
 - Responsibility or answerability in law**
 - Punishment for nurses' mistakes
 - Legal dominance in healthcare
194. In nursing, what is personal liability?
- Liability of the healthcare institution
 - Liability of the patient
 - Liability of the nurse for their own actions**
 - Liability of the government
195. Which of the following is an example of legal liability in nursing?
- Following the nursing code of ethics
 - Documenting patient interactions
 - Making mistakes that harm patients**
 - Providing compassionate care
196. What is one legal precaution in nursing practice?
- Ignoring patient needs
 - Avoiding documentation
 - Obtaining informed consent**
 - Disregarding ethical standards
197. What does LI 683 of 1971 regulate in Ghana?
- Banking practices
 - Nursing and midwifery practice**
 - Agricultural standards
 - Education system
198. What does LI 683 of 1971 specify regarding licensing and registration?
- Standards for banking

- B. Criteria for nursing and midwifery licenses**
 C. Rules for agriculture
 D. Guidelines for education
199. What is the primary focus of the Mental Health Act 2012 in Ghana?
 A. Regulation of banking practices
B. Promotion and protection of mental health rights
 C. Standards for agriculture
 D. Guidelines for education
200. Which of the following is a legal safeguard in nursing practice?
 A. Ignoring patient rights
 B. Violating ethical standards
C. Obtaining informed consent
 D. Disregarding patient privacy
201. What does the Good Samaritan Law provide in nursing practice?
 A. Punishment for helping others
B. Legal protection for those providing assistance in emergencies
 C. Regulation of agricultural practices
 D. Guidelines for education
202. What does the Mental Health Act 2012 emphasize in service delivery?
 A. Integration of mental health care with agriculture
B. Integration of mental health care within primary care and communities
 C. Promotion of traditional medicine
 D. Governance of mental health professions
203. What is the primary purpose of identifying and notifying coroner's cases?
 A. To expedite burial procedures
B. To determine the cause, manner, and circumstances of death
 C. To assign blame in cases of unexpected deaths
 D. To promote medical research
204. Who is responsible for initiating the notification process in cases falling under the coroner's jurisdiction?
 A. Funeral directors
B. Healthcare professionals
 C. Deceased individuals' families
 D. Coroner's offices
205. What legal requirement is mentioned regarding autopsies?
 A. They must be performed on all deceased individuals
 B. Consent for autopsy is not necessary
C. Consent for autopsy is a legal requirement
 D. Autopsies are always mandated by law

206. When might a coroner order an autopsy even if the family refuses consent?
- A. Always
 - B. In cases of industrial diseases**
 - C. Only if the deceased was undergoing anaesthesia
 - D. In cases of natural deaths
207. What is the purpose of an autopsy?
- A. To determine funeral arrangements
 - B. To identify diseases in the living
 - C. To collect evidence for legal proceedings**
 - D. To speed up burial processes
208. In which situation is a coroner's inquest required by law?
- A. All deaths in hospitals
 - B. Deaths from natural causes
 - C. Deaths without suspicion
 - D. Sudden, violent, or unnatural deaths**
209. What does a coroner's inquest aim to determine?
- A. Funeral arrangements
 - B. The cause, manner, and circumstances of death**
 - C. Public opinions on the death
 - D. Legal liabilities of healthcare providers
210. Who has the authority to determine whether an autopsy is performed?
- A. The police
 - B. The coroner
 - C. The deceased individual
 - D. The closest surviving family member**
211. What is the role of a coroner in the investigation process?
- A. Determining funeral costs
 - B. Conducting autopsies
 - C. Inviting witnesses to testify**
 - D. Prescribing medical treatments
212. When is notification of coroner's cases considered timely and responsive?
- A. After a week of the death occurrence
 - B. Before burial arrangements are made
 - C. As soon as the case is identified**
 - D. After the completion of autopsy procedures
213. What is crucial for ensuring confidentiality and privacy in the identification and notification of coroner's cases?
- A. Public disclosure of case details
 - B. Unauthorized access to case records**
 - C. Transparent communication
 - D. Respect for the deceased's rights

214. Which of the following is NOT a purpose of an autopsy?
- A. Identifying diseases
 - B. Collecting evidence for legal proceedings
 - C. **Expediting burial procedures**
 - D. Determining the cause of death
215. Under what circumstances is a coroner's inquest legally mandated?
- A. All deaths
 - B. Deaths with known causes
 - C. **Sudden, violent, or unnatural deaths**
 - D. Deaths without suspicion
216. Who can be invited to appear before a coroner during an inquest?
- A. Anyone from the public
 - B. Only healthcare professionals
 - C. Only family members
 - D. **Any person with relevant information**
217. What legal document is mentioned in the text as part of the notification process?
- A. Death certificate
 - B. Autopsy report
 - C. **Coroner's form**
 - D. Medical records
218. Which of the following is a responsibility of healthcare professionals in the identification of coroner's cases?
- A. Determining funeral costs
 - B. Notifying the police
 - C. **Contacting the coroner's office**
 - D. Conducting autopsies
219. What is the main goal of an inquest?
- A. To expedite burial procedures
 - B. **To determine the cause of death**
 - C. To establish legal liabilities
 - D. To investigate infectious diseases
220. Who may determine the cause of death in a hospital setting without a coroner's inquest?
- A. Any hospital staff
 - B. **A registered medical practitioner**
 - C. The deceased individual's family
 - D. Funeral directors
221. What is a legal requirement for conducting autopsies in many jurisdictions?
- A. Public opinion
 - B. **Consent from family members**
 - C. Approval from funeral directors
 - D. Notification to the police

222. What is the purpose of an autopsy in the context of death investigations?
- To assess family preferences for burial
 - To confirm the identity of the deceased
 - To determine the cause, manner, and circumstances of death**
 - To provide information for insurance claims
223. When might a death be subject to a coroner's inquest?
- Any death in a hospital
 - Deaths occurring during anaesthesia**
 - Deaths resulting from natural causes
 - Deaths with a defined diagnosis
224. What is the purpose of a death certificate?
- To authorize autopsy procedures
 - To report deaths to law enforcement
 - To determine eligibility for insurance claims and burial**
 - To identify potential cases for a coroner's inquest
225. Which type of euthanasia involves the withdrawal of drugs leading to a peaceful death?
- Active Euthanasia
 - Passive Euthanasia**
 - Mercy Killing
 - Positive Euthanasia
226. What is the Universal Declaration of Human Rights (UDHR)?
- A medical protocol for death investigations
 - A foundational document outlining fundamental human rights**
 - A legal framework for euthanasia procedures
 - A code of conduct for healthcare professionals
227. Which offense involves the intentional act of making false statements to harm someone's reputation?
- Assault
 - Negligence
 - Defamation**
 - Battery
228. What is the primary role of a nurse as a witness in court?
- Advocate for the patient
 - Provide emotional support to colleagues
 - Present subjective opinions
 - Provide factual and objective information**
229. Which legal challenge involves the deliberate ending of the life of individuals with incurable illnesses?
- Murder
 - Assault
 - Euthanasia**

- D. Negligence
230. What is the purpose of the Human Rights Charter?
- A. To outline medical procedures
 - B. To establish ethical guidelines for nurses
 - C. **To enumerate fundamental human rights**
 - D. To regulate insurance claims
231. Which legal action may follow the intentional and non-consensual act of sexual assault by a healthcare provider?
- A. Defamation
 - B. **Rape**
 - C. Negligence
 - D. Battery
232. Under what circumstances may a coroner assume jurisdiction over a death?
- A. All deaths with a defined diagnosis
 - B. Deaths resulting from natural causes
 - C. Deaths occurring in a hospital
 - D. **All deaths resulting from criminal acts**
233. In a coroner's inquest, who may be invited to give evidence?
- A. Only the deceased's family members
 - B. Only healthcare professionals
 - C. **Any person with relevant information**
 - D. Only law enforcement officers
234. When is consent for an autopsy a legal requirement?
- A. When the death occurs in a hospital
 - B. When the deceased is an accident victim
 - C. **When the attending physician refuses to sign the death certificate**
 - D. When the deceased is a victim of defamation
235. Which type of euthanasia is considered negative and involves taking no measures to sustain life?
- A. Active Euthanasia
 - B. Passive Euthanasia
 - C. Mercy Killing
 - D. **Positive Euthanasia**
236. What does the nurse's role involve when called to testify in court as a witness?
- A. Providing subjective opinions
 - B. Defending the hospital's interests
 - C. Offering emotional support to colleagues
 - D. **Providing factual and objective information**

237. What is the legal term for the deliberate and non-consensual confinement of an individual?
- A. Assault
 - B. False Imprisonment**
 - C. Battery
 - D. Negligence
238. When might a nurse be asked to provide testimony as an expert witness?
- A. In cases of defamation
 - B. In cases of false imprisonment
 - C. When the nurse has special training or expertise**
 - D. When the nurse is the defendant in a malpractice case
239. What legal duty does the nurse have when called to testify in court?
- A. To provide subjective opinions
 - B. To volunteer additional information
 - C. To provide inaccurate recollections if necessary
 - D. To provide accurate and truthful testimony**
240. Which offense involves the unlawful and fraudulent misappropriation of funds entrusted to one's care?
- A. Assault
 - B. Embezzlement**
 - C. Murder
 - D. False Imprisonment
241. What is the primary purpose of a death certificate, as mentioned in the text?
- A. Legal action against healthcare providers
 - B. Providing evidence in court cases
 - C. Insurance claims and burial arrangements**
 - D. Compilation of medical research data
242. Which type of death is typically subject to a coroner's inquest?
- A. Deaths with a well-defined diagnosis
 - B. Deaths due to natural causes
 - C. Sudden, unexpected, or suspicious deaths**
 - D. Deaths occurring in hospitals
243. What legal duty does a nurse have when called to testify as a witness in court?
- A. To volunteer subjective opinions
 - B. To defend colleagues in all circumstances
 - C. To provide emotional support to the plaintiff
 - D. To provide factual and objective information**
244. In healthcare, what is the legal term for a civil wrong that causes harm or loss to an individual?
- A. Negligence
 - B. Defamation
 - C. Battery

D. Tort

245. What does the term "Defamation" refer to in the context of common offenses?
- A. Unlawful confinement of an individual
 - B. Making false or damaging statements about an individual**
 - C. Unintentional killing of another person without malice
 - D. Misappropriation of funds for personal gain
246. What distinguishes manslaughter from murder in legal terms?
- A. Intent to cause harm
 - B. Unintentional killing without malice**
 - C. Premeditation and deliberation
 - D. Reckless indifference to human life
247. Which offense involves the unlawful and non-consensual act of sexual intercourse or assault?
- A. False Imprisonment
 - B. Rape**
 - C. Battery
 - D. Murder
248. In a coroner's case, when is an autopsy typically required?
- A. In all deaths with a defined diagnosis
 - B. When the attending physician refuses to sign the death certificate
 - C. Only in deaths due to criminal acts**
 - D. In deaths occurring in hospitals
249. What is the primary purpose of state statutory laws governing nursing?
- A. To restrict nursing practices
 - B. To enforce federal principles
 - C. To prevent incompetence and protect public welfare**
 - D. To establish maximum standards for nursing care
250. What distinguishes a mandatory nurse practice act from a permissive nurse practice act?
- A. The requirement for licensure**
 - B. The types of duties nurses can perform
 - C. The regulations set by the state board of nursing
 - D. The level of authority given to nursing students
251. What legal principle holds an employer responsible for the actions of an employee within the scope of their employment?
- A. Respondent Superior**
 - B. Mandatory practice act
 - C. Legal responsibility of a student nurse
 - D. Administrative agency regulation

252. What is the primary focus of Myra Levine's Conservation Model of nursing?
- Restoration of health
 - Promotion of adaptation and wholeness**
 - Prevention of diseases
 - Enhancement of physical fitness
253. According to Levine's Conservation Model, what does the principle of "Conservation of Energy" involve?
- Protecting the individual's body structure
 - Preserving the individual's identity
 - Maintaining the energy supply of the individual**
 - Promoting social interactions
254. Which psychological theory presents a hierarchical model of human needs organized into a pyramid?
- Skinner's Operant Conditioning
 - Erikson's Psychosocial Development
 - Piaget's Cognitive Development
 - Maslow's Hierarchy of Needs**
255. At which level of Maslow's Hierarchy of Needs do individuals seek safety and security?
- Physiological Needs
 - Safety Needs**
 - Social Needs
 - Esteem Needs
256. What is the highest level in Maslow's Hierarchy of Needs, involving realizing one's full potential and self-fulfilment?
- Physiological Needs
 - Social Needs
 - Esteem Needs
 - Self-Actualization Needs**
257. What did Maslow add to his hierarchy to reflect a broader understanding of human motivation?
- Physical needs
 - Aesthetic needs**
 - Safety needs
 - Cognitive needs
258. Which principle emphasizes the importance of individualized care, holistic assessment, and therapeutic communication in nursing?
- Maslow's Hierarchy of Needs
 - Skinner's Operant Conditioning
 - Levine's Conservation Model**
 - Erikson's Psychosocial Development
259. What does Maslow's Hierarchy of Needs propose regarding the fulfilment of needs?
- Needs are fulfilled randomly

- B. Needs are fulfilled concurrently
 - C. Needs are fulfilled in a sequential order**
 - D. Needs are fulfilled only in adulthood
260. What aspect of patient care did Florence Nightingale emphasize in her theory?
- A. Medication administration
 - B. Relationship between environment and patient care**
 - C. Staffing levels
 - D. Surgical procedures
261. According to Nightingale, what is essential for maintaining a safe and healing environment?
- A. Advanced medical equipment
 - B. Clean, hygienic, and sanitary conditions**
 - C. High-tech interventions
 - D. Nurse-to-patient ratio
262. Which factor did Nightingale recognize as having a therapeutic value in the environment?
- A. Loud noises
 - B. Minimal lighting
 - C. Natural light and fresh air**
 - D. Overheated rooms
263. What did Nightingale recommend to minimize the negative impact of noise pollution?
- A. Increase noise levels
 - B. Provide noise-cancelling headphones
 - C. Minimize noise and maintain tranquillity**
 - D. Play calming music
264. According to Nightingale, what contributes to an aesthetic environment in healthcare?
- A. Artistic designs, pleasant scents, and soothing sounds**
 - B. Dull and uninspiring surroundings
 - C. Harsh lighting
 - D. Overcrowded spaces
265. What did Nightingale mean by holistic care in her theory?
- A. Focusing only on physical health
 - B. Prioritizing emotional well-being
 - C. Recognizing interconnectedness of various dimensions in health and healing**
 - D. Ignoring the environmental factors
266. What does Virginia Henderson's theory focus on?
- A. Environmental factors
 - B. The 14 Basic Needs of the Patient**

- C. Medication administration
 - D. Staffing levels
267. What is the primary goal of Henderson's theory regarding nursing?
- A. Providing medical treatments
 - B. Assisting patients in meeting their basic needs**
 - C. Administering medications
 - D. Conducting surgical procedures
268. What does the "Breathing Normally" need in Henderson's theory involve?
- A. Ensuring a patient's respiratory system functions effectively**
 - B. Promoting cardiovascular health
 - C. Encouraging exercise
 - D. Providing emotional support
269. What is the purpose of the "Avoiding Dangers in the Environment" need in Henderson's theory?
- A. Enhancing adventure
 - B. Creating a safe environment to prevent accidents or injuries**
 - C. Encouraging risk-taking
 - D. Minimizing safety measures
270. What is the Neuman Systems Model rooted in?
- A. Behavioural psychology
 - B. Systems theory**
 - C. Cognitive neuroscience
 - D. Psychoanalytic theory
271. What is the "Basic Structure or Core" in Neuman's Systems Model?
- A. The individual's physical body
 - B. The individual's central core with basic survival elements**
 - C. The individual's mental processes
 - D. The external environment
272. What does the "Normal Line of Defence" represent in Neuman's Systems Model?
- A. An individual's optimal state of balance
 - B. The external environment
 - C. The individual's usual level of wellness**
 - D. The individual's response to stressors
273. What does Neuman emphasize in her model regarding nursing interventions?
- A. Focusing on individual body systems
 - B. A holistic approach and preventive interventions**
 - C. Ignoring external environmental factors
 - D. Reactive responses to health challenges
274. What is the primary focus of Orem's Self-Care Model?
- A. Medication administration
 - B. Relationship between environment and patient care**

- C. **Individual's self-care capacities and nursing assistance**
 - D. Surgical procedures
275. What is considered a self-care activity in Orem's model?
- A. Administering medications
 - B. **Breathing**
 - C. Surgery
 - D. Radiology procedures
276. What is "Self-Care Agency" in Orem's model?
- A. The ability to perform surgery
 - B. **An individual's capacity to engage in self-care activities**
 - C. Administering medications independently
 - D. Providing medical treatments
277. When does a "Self-Care Deficit" occur in Orem's model?
- A. When an individual has excessive self-care capabilities
 - B. **When an individual's self-care agency is insufficient**
 - C. When a nurse provides complete care
 - D. When there is an excess of nursing support
278. What does the "Wholly Compensatory System" in Orem's model involve?
- A. Nurses collaborate with individuals in self-care activities.
 - B. **Nurses provide complete care for individuals unable to perform any self-care.**
 - C. Nurses educate individuals about self-care.
 - D. Nurses support individuals in partially compensatory self-care.
279. What is the goal of the "Supportive-Educative System" in Orem's model?
