

..... are the masters of the immune system

- ☐ a. Mast cells
- ☐ b. Lymphocytes
- ☐ c. Eosinophils
- ☐ d. Macrophages

Question 2

Not yet answered

 [Flag question](#)

What happens when the functional demand on a cell increases?

- ☐ a. Irreversible cell injury
- ☐ b. Cellular adaptation
- ☐ c. Cellular aging
- ☐ d. Reversible cell injury

Question 3

Not yet answered

🚩 [Flag question](#)

Which theory suggested that life was influenced by vital substances under the control of the soul?

- ☐ a. Vitalism theory
- ☐ b. Mechanism theory
- ☐ c. Humoral theory
- ☐ d. Galenic theory

What theory postulated that illness resulted from an imbalance between four humors?

- ☐ a. Galenic theory
- ☐ b. Humoral theory
- ☐ c. Vitalism theory
- ☐ d. Mechanism theory

Question 5

Not yet answered

🚩 [Flag question](#)

Which of the following is NOT one of the chains of infection?

- ☐ a. Route of infection
- ☐ b. Irritability
- ☐ c. Susceptible host
- ☐ d. Mode of infection

Question 6

Not yet answered

🚩 [Flag question](#)

The movement of red blood cells from the microvasculature to the site of inflammation is referred to as

- ☐ a. Exudation
- ☐ b. Emigration
- ☐ c. Diapedesis
- ☐ d. Adhesion

Who introduced the concept of mechanism of disease based on the disequilibrium of four basic humours?

- ☐ a. Plato
- ☐ b. Hippocrates
- ☐ c. Aristotle
- ☐ d. Galen

Question 8

Not yet answered

🚩 [Flag question](#)

What is the main function of antioxidants in the context of cellular injury to?

- ☐ a. Inactivate free radicals
- ☐ b. Destroy damaged cells
- ☐ c. Induce necrosis
- ☐ d. Prevent apoptosis

Question 9

Not yet answered

🚩 [Flag question](#)

Candidiasis is an opportunistic fungal infection that is commonly caused by which species of fungus?

- ☐ a. **Histoplasma capsulatum**
- ☐ b. **Candida albicans**
- ☐ c. **Cryptococcus neoformans**
- ☐ d. **Aspergillus fumigatus**

Who is known as "the father of histology" for his work in using microscopy to study tissues?

- ☐ a. Marcello Malpighi
- ☐ b. Vesalius
- ☐ c. Antony van Leeuwenhoek
- ☐ d. Hippocrates

Question 11

Not yet answered

 [Flag question](#)

Which physician developed the first ever microscope and observed male spermatozoa?

- ☐ a. Hippocrates
- ☐ b. Vesalius
- ☐ c. Antony van Leeuwenhoek
- ☐ d. Marcello Malpighi

Question 12

Not yet answered

🚩 [Flag question](#)

The branch of pathology which deals with the study of diseases related to blood is known as?

- ☐ a. Cytopathology
- ☐ b. Chemical Pathology
- ☐ c. Immunopathology
- ☐ d. Haematology

Question 15

Not yet answered

🚩 [Flag question](#)

Which of the these is not a symptom of plague infection?

- ☐ a. Myalgia
- ☐ b. intravascular coagulation
- ☐ c. Fever
- ☐ d. Diarrhoea

Which of the following is NOT one of the four cardinal signs of inflammation described by Celsus?

- ☐ a. Swelling (tumor)
- ☐ b. Redness (rubor)
- ☐ c. Heat (calor)
- ☐ d. Weakness (debilitas)

Question 14

Not yet answered

🚩 [Flag question](#)

Who is known as "the father of histology" for his work in using microscopy to study tissues?

- ☐ a. Antony van Leeuwenhoek
- ☐ b. Hippocrates
- ☐ c. Vesalius
- ☐ d. Marcello Malpighi

Which type of inflammation is usually followed by healing and has a short duration?

- ☐ a. Subacute inflammation
- ☐ b. Acute inflammation
- ☐ c. Granulomatous inflammation
- ☐ d. Chronic inflammation

Question 17

Not yet answered

🚩 [Flag question](#)

Which of the following is not an aetiology of cell injury?

- ☐ a. Ischaemia
- ☐ b. Hypoxia
- ☐ c. Haemoglobin
- ☐ d. Senescence

Question 18

Not yet answered

🚩 [Flag question](#)

Which of the following is NOT a process marking irreversible cell injury?

- ☐ a. Inability to reverse mitochondrial dysfunction
- ☐ b. Activation of endonucleases
- ☐ c. Repair of damaged plasma membrane
- ☐ d. Release of toxic free radicals

Which of the following is the principal factor responsible for intrinsic genetic cellular aging?

- ☐ a. Telomere shortening
- ☐ b. Telomerase enzyme activity
- ☐ c. Consumption of harmful substances
- ☐ d. Environmental factors

Question 20

Not yet answered

 [Flag question](#)

What was the earliest concept of disease based on?

- ☐ a. Humoral theory
- ☐ b. Curse from God or supernatural beliefs
- ☐ c. Scientific observations
- ☐ d. Mechanism of disease
